

August 25, 2020

To our GA-AHMP colleagues and friends,

Thank you for your patience, the Chapter is still ACTIVE. As you know, up to this point our Chapter has been an in-person, hand-shaking, face-to-face organization. With these new circumstances, we too must grow and adapt to new ways to connect with each other in current times.

When we see reopening and then re-closing bars and restaurants. When we see schools trying smaller class settings and then closing due to an increase in positive cases. It's obvious that this virus, unfortunately, will be with us for some time to come.

This year's Georgia Chapter of the Alliance of Hazardous Materials Professionals (GA-AHMP) officers and committee members are working to adjust too. We are looking at various online meeting platforms to be used for casual meetings and technical information sessions. I'm sure we will have some growing pains but together our GA-AHMP Chapter will flourish.

To get a glimpse of the rest of 2020:

- Technical session on the rationale of PPE (e.g. Tyvek suits) to protect our skin
- October fest Social hour – (sharing war stories)
- Possible Spring virtual CHMM Prep Course
- And more....

Please email or call and let us know how you are doing and any suggestion you may have for the GA-AHMP Chapter.

Stay Safe and Healthy
